Department of Anesthesiology**

MD / CRNA _____

PACU RN _____ Date _____

PATIENT IDENTIFICATION

CASE CATEGORY

- QA for Discussion
- Sentinel Event Referral
(Risk Management x 2204 or 8888)
- Legal Issue
(Risk Management x 2116 or 2118)

AIRWAY / RESPIRATORY

- Aspiration
- Bronchospasm (Severe)
- Difficult Airway
- Embolism
- Emergency Tracheostomy
- Injury due to ETT, Light Wand, LMA, Laryngoscope
- Laryngospasm
- Obstruction (Severe, Prolonged)
- Reintubation in PACU
- Stridor
- Swollen Uvula
- Hypoxemia (SaO₂ < 90%)
- Hypercarbia (ETCO₂ > 50 mm)

CARDIAC

- Cardiac Arrest: OR PACU
- Congestive Heart Failure
- Dysrhythmia, Hemodynamically Significant Hyper / Hypokalemia
- Hypo or Hypertension, Prolonged / Severe
- Myocardial Ischemia
- Myocardial Infarction
- Pulmonary Edema

INVASIVE MONITORING

- Arterial Line Complication
- Central Line Complication
 - Hematoma
 - Hydrothorax
 - Pneumothorax

CANCELLATION ON DAY OF SURGERY

- Cancelled After Induction
- Missing or Delayed Report
- Needs Further Workup
- No ICU Bed Available
- NPO Violation
- Schedule Overrun
- Staffing Problem:
 - RN's
 - Anesthesia
- STAT Consult
- Unstable or New Medical Problem
- Respiratory Infection

DEATH

- Intraoperative
- Postoperative: PACU / ICU

MEDICATION EVENT

*****REPORT ALL MEDICATION EVENTS*****

- Adverse Reaction
- Allergy / Anaphylaxis
- Incorrect Dose
- Incorrect Drug
- Incorrect Route
- Drug Unavailable _____

NEUROLOGICAL INJURY

- CVA
- Nerve Injury Suspected
- Seizure (No Prior History)

REGIONAL ANESTHESIA / ANALGESIA

- Catheter Problem
- Failed / Inadequate Block
- High Block
- Spinal Headache
- Toxic Reaction
- Wet Tap

EQUIPMENT

- Malfunction
- Unavailable

BLOOD PRODUCT EVENT

- Blood Product Unavailable
- Transfusion Reaction
- Wrong Blood Product Administered

OTHER ANESTHESIA RELATED ISSUES

- Alopecia
- Awareness
- Blindness or Decreased Vision Postop (Non-Ophthalm)
- Burns
- Consent Issue
- Corneal Abrasion
- Dental Trauma
- Emergence Delirium (Severe)
- Fire in OR
- Gastric Tube or Esophageal Stethoscope Complication
- Hyperthermia
- Hypothermia
- Latex Reaction
- Patient Complaint
- Patient Identification Error
- Prolonged Emergence / PACU Stay
- Severe Postop Nausea / Vomiting
- Unplanned Admit
 - Out-Patient
 - Unplanned ICU Admit
- Unplanned Postop Ventilation
- Wrong Side Surgery
