

## PARENTERAL INFUSION RECORD (PIR)

## MAR

## instructions:

- 1. Nurse will transcribe IV (intravenous) order including rate and order date. RN will confirm written order
- 2. As each bag is hung, date, time and initial.
- Discontinue order by yellowing out the IV order and rate column. Bracket after the last IV hung and right D/C and the date.
- 4. If the five blocks are filled and the IV order has not changed, yellow out the IV order, rewrite the current order on the next available line.

  Check off pump, filter, tubing char

5. Grieck on pump, man, racing criange a appropriate.			and the second	Page #
